Our History

In Northern Nevada, Mofos' Pizza and Pasta has been perfecting our pizza and pasta recipes for over 35 years. Our marinara sauce came from their grandfather Walter Morrison, a P-38 Pilot during World War II. Walter was shot down over the Mediterranean and the current brought him into the coast of Italy where he sought refuge with local sheep herders behind enemy lines. Eventually he ended up in a POW camp towards the end of the war. Walter successfully negotiated with his captors and gained freedom for himself and the other prisoners of that camp. While he was in Italy, he learned how to make traditional marinara sauce, which our current recipe is based on.

Melissa and Justin grew up in our original location in Lake Tahoe which was started by their parents in 1986. Now that they have both grown up, they needed to bring the family business to the place that they call home, Reno. Growing up in the family business, they have learned that using fresh ingredients and making everything from scratch is the only way to make a great pizza.

We hope you enjoyed dining with us and plan to come visit again soon.
